Our San Francisco telegrams tell of the arrest at the instance of Mayor Kallioch, of M. H. DeYoung, brother of the man assassinated last week by Kallioch's son. The charge against DeYoung is libel, committed in the publication in the *Chronicle* of an editorial from the *New York World*, hinting that Mayor Kallioch was instrumental in employing the fellow Clemenshaw to commit perjury in behalf of the assassin. The article from the *World* was published in the *Chronicle* of Friday morning, having been received with our regular telegraphic dispatches. Probably 100 papers between Chicago and San Francisco reproduced the *World* editorial, and a large majority of them heartily endorsed it, for it certainly looks as if somebody had suborned Clemenshaw, and the natural inference would be that the person most likely to interfere for the protection of the young murderer, is the father. The Rev. Kallioch will have difficulty in making his charge of libel stick, and particularly so when it shall be proven, as it soon will be, that Clemenshaw has been guilty of perjury. In all probability the second will "quest" upon his employers in the villainous business, in which event the mayor will be lucky if he escapes ex post facto.

In New York the oleomargarine manufacturers have overcome all opposition to their product, and now openly dispose of it in the market as pure "Orange County butter." If properly labeled as such to deceive the people, oleomargarine sells more rapidly than genuine butter.

FORTY-SIXTH CONGRESS.

REGULAR SESSION.

SENATE.

Washington, 30.—Consideration was resumed of the bill establishing a retired list for non-commissioned officers, the pending question being a motion to amend to the appointment of two colored cadets to the President at West Point.

Pending debate the morning hour expired, and the naval appropriation bill was taken up.

Edson stated that the Senate committee on appropriations made no amendments, and thought there would be no discussion.

Block said the committee on appropriations had approved this bill and the army bill without crossing a sword or drawing a dagger.

Defects in the Reichstag have induced Bismarck to reconsider the necessity of endeavoring to secure a strong government majority.

Tiflis, a town of Georgia, has been burned to the ground, and there is great distress in consequence.

Paris, 30.—The Chamber of Deputies, yesterday, reversed its decision of Thursday, reducing the duty on petroleum, because a high duty would be a leverage toward a commercial treaty with the United States.

Battle Creek, Mich., 30.—Two large hotels are burning. Help is sent for to neighboring cities.

MISTAKES AND PREJUDICE

Of Religious and Temperance Journals.

Some good Religious and Temperance journals are making the mistake of declining to advertise a most valuable and anti-intoxicating medicine, simply because it is called "Bitters," while the same journals are making a greater mistake by advertising some drunken whisky stuff, or nostrum, because it has some nice, fancy decorative name, ending with "ine," "tine," printed on its label, when the bottle is filled with destruction, drunkenness and death.

These good journals would like the trouble to ascertain how many overworked clergymen have had their lost nerve force, brain waste and flagging energies restored by the use of Hop Bitters, enabling them to perform their arduous pastoral duties and preach the good sermon that they would have been totally unable to do but for this valuable medicine, and had these journals but know of the host of good Christian Temperance women who rely on them for their family medicine, and how many invalid homes they could make happy and vitalized things they would send to every neighborhood by publishing the merits of Hop Bitters, they would advertise them without money and without price. And did these journals but know how many have been and may be saved from forming intemperate habits by doctors prescribing Hop Bitters, instead of beer, where the use of hops are needed, (there being more actual hop strength in one bottle of Hop Bitters than in a barrel of beer, without any of the intoxicating or evil effects of beer,) they would lay aside their fear and prejudice against the word "bitters."

A few of the many witnesses from religious and temperance sources are given below, who use, recommend and advertise Hop Bitters.

The President and Manager of Hop Bitters Mfg. Co. is a veteran Temperance advocate and worker of forty-eight years' service; every man in the Company is an active Temperance worker, and the Company spends thousands of dollars annually in Temperance and Christian work.

What the Religious Press Says.
Chicago, Nov. 18, 1878.
Hop Bitters Mfg. Co., Rochester, N. Y.

Gentlemen—We do not allow anything in the line of Bitters to enter our paper that contains alcohol, but we are satisfied that your Bitters are free from that ingredient. We feel responsible for the good or bad that may be due to the families of our subscribers that are affected by our advertisements. Therefore our discrimination is in your favor, and we trust that your very low rates will meet your approval and that we may hear from you. "THE LIVING CHURCH."

Temperance clergymen, lawyers, ladies and doctors use Hop Bitters, as they do not intoxicate, but restore brain and nerve waste.—*Temperance Times*, Brooklyn, N. Y.

Not a Beverage.
"They are not a beverage, but a medicine, with curative properties of the highest degree, containing no poisonous drugs. They do not lead down an already debilitated system, but build it up. One bottle contains more hops, than a barrel of ordinary beer. Every druggist in Rochester sells them, and the physicians prescribe them."—*Rochester Evening Express* on Hop Bitters.

We are not in the habit of making editorial mention of patent medicines, but in case of Hop Bitters, feel free to do so, because their merits deserve to be known.—*New York Independent*, Northern Christian Advocate, Syracuse, N. Y.

Sirs—I have taken Hop Bitters and recommend them to others, as I found them very beneficial.

could not be sold, for use, except to persons desirous of obtaining medicinal bitters. GREEN B. BAUM,
U. S. Com' Internal Rev.

Washington, D. C. Sept. 4, 1879.
Dear Sir—Why don't you get a certificate from Col. W. H. W., of Baltimore, showing how he cured himself of drunkenness by the help of Hop Bitters. His is a wonderful case. He is well-known in Rochester, N. Y., by all the drinking people there. He is known in this city, Cincinnati, New Orleans, New York; in fact all over the country, as he has spent thousands of dollars for rum. I honestly believe his card would be worth thousands of dollars to you in this city and Baltimore alone, and make thousands of sober men by inducing the use of your Bitters.
J. A. W.

Prejudice Kills.
"Eleven years our daughter suffered on a bed of misery under the care of several of the best physicians, who gave her various medicines but no relief, and now she is restored to us in good health by Hop Bitters, that we had pocketed at two years before using it. We earnestly hope and pray that no one else will let their sick suffer as we did, on account of prejudice against so good a medicine as Hop Bitters."—*The Parents—Good Templars*.

A Wise Deacon.
"Deacon Wilder, I want you to tell me how you kept yourself and family so well the past season, when all the rest of us have been sick so much, and have had the doctors running to us as usual."

"Brother, the answer is very easy. I used Hop Bitters to time and kept my family well and saved large doctor bills. Three dollars' worth of it kept us all well and able to work all the time, and I warrant it has cost you and most of the neighbors one to two hundred dollars apiece to keep sick the same time. I guess you'll take my medicine hereafter." See other columns.
